## 1. Introduction

Facility time publication legislation requires public sector employers with more than 49 full-time equivalent employees to publish information every year about their usage and spend on time taken by trade union officials representing their members or other union activities, whether this is release time internally or by contributing to pooled arrangement.

Facility time is the provision of paid or unpaid time off from an employee's normal role to undertake trade union duties and activities as a trade union representative. There is a statutory entitlement to reasonable paid time off for undertaking union duties (but not activities).

The Trade Union (Facility Time Publication Requirements) Regulations 2017 came into force on 1 April 2017. The regulations require relevant public sector employers to publish specified information related to facility time taken by trade union officials.

The deadline for publishing the information is 31 July each year, in respect of the period 1 April to 31 March immediately prior to that date.

Prosper Together Multi Academy Trust (the Trust) recognises that there are positive benefits for employers, employees and for union members in encouraging the efficient performance of union representatives' work, for example in aiding the resolution of problems and conflicts at work.
